# Athena

## A Surveillance Sentinel

Athena redefines security and surveillance across multiple industries. In an ever-evolving security landscape, Athena stands tall as a vigilant guardian, offering advanced surveillance features designed to safeguard your assets and ensure peace of mind.

## Benefits of Athena

### Enhanced Security & Surveillance:

- 360° Ultra-HD recording to capture every detail
- Comprehensive coverage of huge facilities
- Offers real-time situational awareness
- Advanced tech ensures unparalleled security

### Improved Incident Response:

- Rapid-response ally in security incidents
- Real-time communication with live two-way intercom
- Faster & effective security issue resolution
- Ability to respond immediately

### Real-time Threat Detection:

- Always on lookout for potential threats
- Advanced AI ensures accurate people detection
- Distinguishes between normal activities & security breaches
- Minimizes false alarm scenarios

### Advanced Surveillance Solutions:

- Features like automatic license plate recognition for access control
- Thermal imaging detection for health monitoring
- Centralized control for seamless management
- Elevated security and safety standards across facilities

## Key Features

### 360° Ultra HD Recording

Athena takes surveillance to the next level with its eye-level 360° ultra-HD recording. You won't miss a thing. Whether it's a busy shopping mall or a sprawling corporate campus, Athena's advanced camera technology captures every detail, ensuring comprehensive security.

### Precise AI-based People Detection

Athena employs AI-based people detection technology to minimize false alarms and focus on real threats. It can distinguish between normal activities and potential security breaches, providing a higher level of situational awareness.

### Live Audio with Two-way Intercom

Athena's live audio and two-way intercom system allow seamless communication in real time. You can respond immediately to security incidents, ensuring a faster and more effective resolution.

### Automatic License Plate Recognition (ALPR)

Athena's ALPR technology automatically identifies and records license plate numbers with precision. It effortlessly scans and registers license plates of vehicles entering your premises, enabling seamless security monitoring and access control.

## Additional Features

- Automatic license plate recognition
- Thermal imaging detection
- Centralized control
- Multiple unit integration
- Customizable settings
- Advanced positioning

# Real World Applications: Athena in Action

## Improved monitoring

Corporate Spaces

Retail Spaces

## Adaptable protection

Industrial Spaces

Healthcare Spaces

Educational Spaces

Government Spaces

## Technical Specifications

Particular	Details	
<b>Body</b>	Dimensions	1400mm (H), 500mm (D)
	Weight	55kg
<b>Platform</b>	CPU	Intel® Core™ i5 processor
	OS	linux
<b>Storage &amp; Memory</b>	Hard disk	High-speed SSD
	Internal	256GB, 16GB RAM
<b>Camera</b>	Ultra-HD recording	Sony block camera (4 Nos.) 18x zoom
	Thermal imaging	10 to 550 °C range, wide angle
<b>Sound</b>	Speakers	9 watt

Particular	Details	
<b>Microphone</b>	Type	4 mic array microphone system
<b>Connectivity</b>	Wi-Fi support	Dual-band (2.4GHz & 5GHz)
	External I/O port	Micro USB 2.0 RJ45 network port HOST*3
	Type	Lithium ion 25.6V / 20Ah
<b>Battery</b>	Charging	Automatic Input: AC110-240V, 50/60HZ Output: DC25.6V 7A
